DEATH AT THE FEAST. Shocking Tragedy at a Young People's Party in Detroit.

Shortly before 11 o'clock last night a terrible tragedy was enacted at the residence of Mr. Nelson S. Whipple, No. 367 Lafayette street. A select party had been given in honor of his daughter's birthday, and all the rooms of his handsome residence had been thrown open to receive the young labs and misses o receive the young lads and misses who came as invited guests. The festivities of the evening were at their height. The young people were engaged in various pastimes, some playing on the piano. The young people were engaged in various pastimes, some playing on the piano, while merry dancers beat the time upon the floor, others chatting gayly in groups, running up and down the stairs, or strolling about on the walk in front of the house. Suddenly the loud report of a gun and piercing shricks were heard to proceed from the bedroom at the head of the stairs, which had been thrown comb, as a cleak-room, and a clead of open as a cloak-room, and a cloud of blue smoke floated through the hall. to the stairway led by Mr. Whipple, who reached the landing on the second floor just in time to receive the body of mable young girl, seventeen years of age, who was sinking to the floor in a dying condition, her life-blood pouring from a ghastly wound in the head. In a very few seconds after the report of the gun she breathed her last. It appears that while the others of the party were that while the others of the party were amusing themselves below, Miss Amsden, together with several other young ladies, had entered the cloak-room at the head of the stairs. A few minutes afterward of the stairs. A few minutes atterward Blanchard Whipple, a young lad about fifteen years old, came up for a pillow to be used in a well-known children's game, and playfully commanded the girls to run down stairs and play "pillow." Miss Amsden in a sportive mood snatched the pillow from his hands and refused to give it back. Young Blanchard then give it back. Young Blanchard then brought out a double-barrelled shot-gun from a clothes press, and, pointing it at her in a mock tragic manner, repeated his demand that she should give up the his demand that she should give up the pillow, at the same time attempting to snatch it from her. The other girls were frightened at this and ran out of the room, which they had scarcely quitted before the weapon was in some manner discharged. The spectacle was a terrible one, and in the brilliantly-lighted house, crowded with the young girls in their white dresses, who had the moment before been so mirthful and joyous, the presence of death in such a form seemed doubly solemn. The body was taken home. Her distracted parents were there waiting to receive it, and their cries of anguish were most heart-rending.

The boy replied ten or fifteen minutes he supposed. Later in the afternoon young Booth went into the stable and a few minutes after young Maxwell, following in, found one of the halters with a slip-noose in it hanging from a rafter. Upon being asked Booth said he didn't know who put it there. Young Maxwell unfastened the slip-knot. Young Maxwell unfastened the slip-knot, but did not stop to take the rope down, and shortly after started after the cows. Young M. says as he rode away he saw Booth going to the stable, but supposed he was going home. As Mr. Maxwell returned from the field shortly after, about six o'clock, in passing the stable, which is built of logs, he saw Booth every effort to restore him, but life was

In an incredibly short space of time the eddy caused by the abutment of the bridge brought him beneath it, and was hurrying him on, when, collecting all his strength, he grasped an overhanging plank, to which he clung with the strength of despair. Two of his comrades instantly sprang forward and en-deavored to drag him oul of the water. The current was so swift that it seemed impossible for a time to do so. Need-ham could hold out but a moment longer. By persistent efforts his comrades at length dragged him out and placed him upon the bridge. The shock was so terrible to his nervous system, the nearness to death so imminent, the scape so wonderful, that he was for few moments completely overcome.

Some of our worthy colored brethren of the Baptist persuasion had a baptism down at the creek, last Sunday, and the ceremony attracted a very large crowd of people. Mrs. Pitman's colored servant girl was very anxious to be present, and, as it was not her Sunday out, she slipped sway from the house while the dinner was cooking, and went round in her working clothes. Her interest was so intense that she stood close to the minister, who was in the water while the minister, who was in the water while the ceremony proceeded. After six or seven had been dipped, the clergyman, filled with enthusiasm, seized her, and pulled her into the water.
